

Guiding Questions for Parent Interview:

- Please tell us a little about your child. How old is your child?
- What skills are important for promoting a meaningful life for your child at the present moment?
  - What independent living, community or personal care skills are critical?
  - What school skills are important for your child?
- How do you think the importance of these skills will change over the next 5-10 years?
- What social or leisure skills do you hope your child acquires over the next 5 years?
- Please describe what you predict will be critical for your child to have a meaningful life post graduation.
  - What job skills are necessary for your child's future?
  - What social or leisure activities do you predict being important for your child?
  - What independent living, community or personal care skills are critical?
- What is the best way for you to receive information and/or training in relation to what your child is learning at school?
